CUT IN PLACE APPLIQUÉ INSTRUCTIONS

1. Hoop your fabric and backing.
2. Sew the pattern/placement. **PHOTO 01**
3. Place a piece of appliqué fabric over the pattern/placement so that it is completely covered.
4. Sew the trim stitch/tackdown.
5. Carefully cut away the excess appliqué fabric. **PHOTO 02**
6. Sew the remainder of the design and repeat for any remaining pieces. **PHOTO 03**

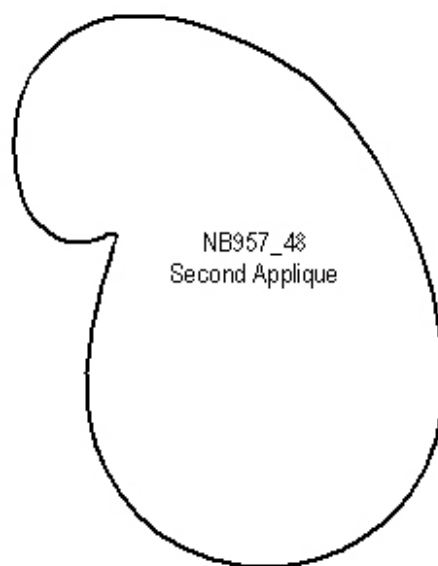

IMPORTANT:

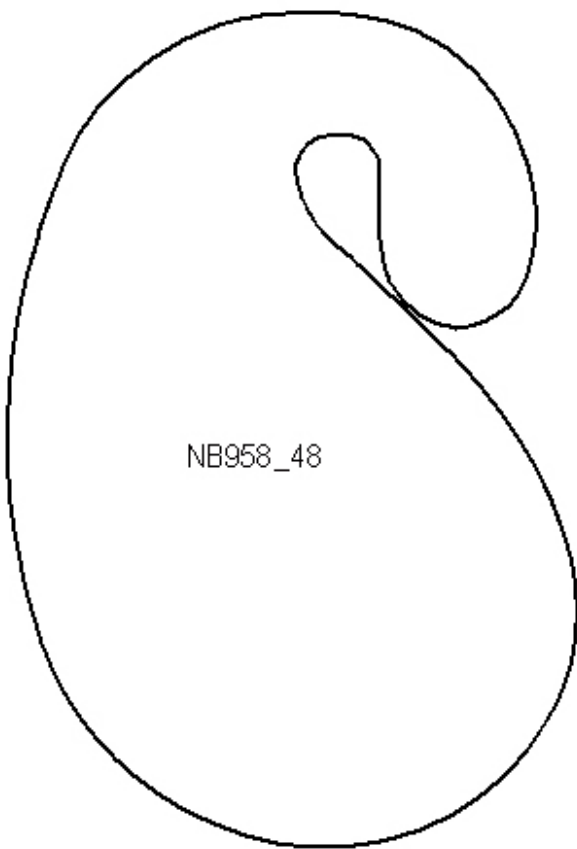

When printing this document, the “Fit to page” option must be UNCHECKED or the “Page Scaling” option must be set to NONE depending on your printer’s options. If this option is set incorrectly, the prints will not work correctly as patterns because they will not print at actual size.

Note: Some designs in this collection may have been created using unique special stitches and/or techniques. To preserve design integrity when rescaling or rotating designs in your software, always rescale or rotate designs using the handles directly on-screen.

SUPPLIES

- Cut-Away Stabilizer
- Temporary Spray Adhesive
- Appliqué Fuse & Fix Stabilizer
- Embroidery Thread
- Stabilizer that is appropriate for your project
- BERNINA® CutWork Accessory

PREPARE APPLIQUE FABRIC

1. Starch appliqué fabric 2-3 times following manufacturer's instructions.
2. Appliqué fabric should be crisp.
3. Iron Appliqué Fuse & Fix to the wrong side of the starched appliqué fabric following instructions on product packaging.

CUT APPLIQUE PIECES

1. Hoop one layer of Cut-Away Stabilizer.
2. Send first CWA file to the embroidery machine. (CWA files are the pre-cut appliqué files to use with the CutWork Accessory; these files will end in CWA01, CWA02, and CWA03 etc. The number of CWA files available for each design will depend upon how many separate appliqués each design contains.)
3. Stitch the first color, this will be the placement stitch.
4. Remove the hoop from the machine but do not remove the stabilizer from the hoop. Spray the hooped stabilizer with temporary spray adhesive. Lay prepared appliqué fabric over the placement stitch, being sure to completely cover the stitching. Apply pressure to appliqué fabric to ensure it is adhered.
5. Stitch the second color, this will be the basting stitch. It is meant to baste the appliqué fabric to your hooped stabilizer.
6. Replace normal stitch plate with the CutWork stitch plate.
7. Unthread the machine.
8. If necessary, turn off the upper thread control on your machine. Refer to your machine's user manual. Note that the most recent version of the 830 will perform this task automatically.
9. Replace embroidery needle with the CutWork Accessory.
10. Replace embroidery foot with foot #44 (If you do not have foot #44 you can leave foot #15 on the machine; foot #44 will simply keep the cut fabric from flagging as much).
11. Attach the hoop to the machine.
12. To cut the first appliqué piece follow the "thread changes" on your machine screen and turn the dial on the CutWork tool as required.
13. Remove the hoop from the machine.
14. Gently remove cut appliqué piece, trimming any thread that may have not been cut completely.

PHOTO 1

15. Repeat as needed for designs with multiple appliqué pieces.

TACKDOWN APPLIQUE AND COMPLETE EMBROIDERY DESIGN

1. Replace the embroidery needle and rethread the machine.
2. Replace the embroidery foot #15.
3. Spray hoop sized piece of stabilizer that is appropriate for your project and adhere to wrong side of background fabric or project that is to be hooped.
4. Hoop fabric/project and stabilizer.
5. Attach hoop to machine.
6. Send the embroidery file to the machine (this is not a CWA file).
7. Stitch design as normal following the thread changes on the provided thread chart stopping after each Appliqué Placement Stitch.

1. After stitching an Appliqué Placement Stitch, take the precut appliqué pieces required and peel off the cutaway backing and the release paper revealing a sticky backing. **PHOTO 2**
2. Remove hoop from machine, but do not remove the fabric from the hoop.
3. Adhere precut appliqué piece evenly over the Appliqué Placement Stitch; use pressure to make sure pieces stick well. **PHOTO 3**
4. Reattach hoop to machine.
5. Continue stitching design until all appliqué pieces are placed and all stitching is complete. **PHOTO 4**

NOTE: Design pictured is for instructional purposes and may not be included in this collection.
